### Nancy Wernersbach - Artist Statement

“A painting is the end result of hours and sometimes days of preparation: size, focal point, reference photos, lights and darks, color choices, what to leave in and what to take out to make the design better—each brushstroke on paper or canvas is a decision! For me the journey begins with photos that spark inspiration or by setting up an easel to paint outdoors with friends. Many paintings get tossed along the way until one expresses my best effort. A painting like a good book should take us out of one world and into another. I believe that nature and art can lift us out of our anxious world into a place of rest and renewal.”
